

The Venture Free Foundation

2017- 2018 After School Program

Mondays - Ocean Shore / Ortega Elementary School

Mission

Our mission at Venture Free is 'Empowering young people to foster a connection with the natural world in an environment that promotes healthy physical and mental development, leadership, and a lifelong appreciation for nature.'

What We Do

At the Venture Free Foundation, our programs are developed with the sole purpose of getting kids outside and active! We believe and have seen how continued exposure to the outdoor world can benefit children physically, mentally, and emotionally. This is why we work to provide activities that allow campers not only to form their own personal connections with the natural environment, but also create opportunities to practice improvising and problem-solving skills, both which are important products of spending time in the great outdoors!

We do what we can to keep our adventure groups small and we use many different activities and lessons to help engage the campers in their natural surroundings. Activities and lessons may include though are not limited to; hiking, swimming, tide-pooling, farm days, campfire making and safety, pocket knife safety, plant and animal identification, outdoor cooking, learning knots and lashings, fishing, shelter building, first-aid, etc.
